RESOLUTION NO. _____

RESOLUTION TO SCHEDULE A PUBLIC HEARING ON THE PROPOSED SPECIAL ASSESSMENT ROLL #22-811 FOR THE SPONGY MOTH SUPPRESSION PROJECT

WHEREAS:

1. The City Council has previously determined, spongy moths can cause significant damage to property.
2. The City Assessor prepared proposed special assessment roll #22-811 to specially assess specially benefitted parcels (those depicted on the drawing attached as Exhibit A and listed on Exhibit B) for costs of the 2022 spongy moth suppression project consisting of the aerial application of naturally occurring bacteria called *Bacillus Thuringiensis (Bt)* (under the brand name Foray 76B or equivalent), that is also used by organic gardeners (the "Project"), at the amount of \$27.00 per parcel.
3. A public hearing is required to provide all those with property interests that may be subject to the proposed special assessment to offer objections to and comments on the proposed special assessment roll.

NOW, THEREFORE, BE IT RESOLVED:

1. That special assessment roll #22-811 shall be filed in the Office of the City Clerk for public examination.
2. The City Council will hold a public hearing during its regular meeting of Monday, **April 18, 2022, at 7:02 p.m.**, for the purpose of hearing owners of parcels to be assessed on special assessment roll #22-811 and others interested in the proposed special assessment and the Project.
3. The City Clerk is directed to provide notice of the time and place of the hearing as follows:
 - a. Published once in the *Grand Rapids Press*, an official newspaper of the City of Wyoming, not less than 5 days prior to the date of the hearing; and
 - b. Sent by first class mail to each owner of property subject to assessment, as shown on the general tax rolls of the City, at least ten 10 days before the time of the hearing.
4. The notice of the hearing to be published and mailed, shall be in substantially the form attached as Exhibit C.

Moved by Councilmember:

Seconded by Councilmember:

Motion Carried Yes

Re: Notice of Public Hearing Before Finalizing Spongy Moth (formerly Gypsy Moth) Suppression Project Charges

Dear Property Owner:

Introduction: The Wyoming City Council decided to apply an aerial biological insecticide spray for spongy moth suppression in areas of the city depicted on the map on the reverse side of this notice and to charge property owners within those areas for the cost of that project. The City Council will next consider how much to charge against the properties located in that area. Your property is within that area. It is proposed that the City Council approve an assessment of \$27.00 per parcel that will appear on the 2022 summer tax bill.

Legal Notice: The City Council intends to defray all costs of a project consisting of the 2022 aerial insecticide spray for spongy moth suppression against the parcels in special assessment district #22-811, depicted on the map on the reverse side of this notice. Property you own will be specially assessed. The amount of the proposed special assessment is \$27.00 per standard residential lot. A list of affected properties and the amount proposed to be assessed against each is on the City's website at www.wyomingmi.gov, via email at clerk_info@wyomingmi.gov or by calling (616)530-7296.

At its meeting on Monday, April 18, 2022, at 7:00 p.m., the City Council will hold a public hearing to take comments from interested persons about the proposed special assessments. This meeting will take place in the Council Chambers in City Hall, 1155 28th Street SW, Wyoming, Michigan. Property owners may appeal the special assessment to the Michigan Tax Tribunal (MTT) within 30 days after confirmation of the assessment roll (which may occur at this same April 18, 2022 meeting). Protest in writing before or during the public hearing or verbally during the public hearing is required to appeal to the MTT.

Those wishing to comment on this proposed spongy moth suppression project may do so by sending written comments to clerk_info@wyomingmi.gov or to City Hall by first class mail or in person at the meeting. Persons with impairments or disabilities needing accommodations or who need language assistance services may contact the City Clerk at least 36 hours before the meeting to make accommodation arrangements.

If you have any questions regarding this project or this notice, please contact the City Clerk's Office at (616) 530-7296.

Sincerely,

Kelli A. VandenBerg, City Clerk

RESOLUTION NO. _____

RESOLUTION TO SCHEDULE A PUBLIC HEARING ON THE PROPOSED SPECIAL ASSESSMENT ROLL #22-812 FOR THE SPONGY MOTH SUPPRESSION PROJECT

WHEREAS:

1. The City Council has previously determined, spongy moths can cause significant damage to property.
2. The City Assessor prepared proposed special assessment roll #22-812 to specially assess specially benefitted parcels (those depicted on the drawing attached as Exhibit A and listed on Exhibit B) for costs of the 2022 spongy moth suppression project consisting of the aerial application of naturally occurring bacteria called *Bacillus Thuringiensis (Bt)* (under the brand name Foray 76B or equivalent), that is also used by organic gardeners (the "Project"), at the amount of \$72.00 per treated acre.
3. A public hearing is required to provide all those with property interests that may be subject to the proposed special assessment to offer objections to and comments on the proposed special assessment roll.

NOW, THEREFORE, BE IT RESOLVED:

1. That special assessment roll #22-812 shall be filed in the Office of the City Clerk for public examination.
2. The City Council will hold a public hearing during its regular meeting of Monday, **April 18, 2022, at 7:03 p.m.**, for the purpose of hearing owners of parcels to be assessed on special assessment roll #22-812 and others interested in the proposed special assessment and the Project.
3. The City Clerk is directed to provide notice of the time and place of the hearing as follows:
 - a. Published once in the *Grand Rapids Press*, an official newspaper of the City of Wyoming, not less than 5 days prior to the date of the hearing; and
 - b. Sent by first class mail to each owner of property subject to assessment, as shown on the general tax rolls of the City, at least ten 10 days before the time of the hearing.
4. The notice of the hearing to be published and mailed, shall be in substantially the form attached as Exhibit C.

Moved by Councilmember:

Seconded by Councilmember:

Motion Carried Yes
 No

I certify that this Resolution was adopted by the City Council for the City of Wyoming, Michigan at a regular session held on April 4, 2022.

Kelli A. VandenBerg, Wyoming City Clerk

Re: Notice of Public Hearing Before Finalizing Spongy Moth (formerly Gypsy Moth) Suppression Project Charges

Dear Property Owner:

Introduction: The Wyoming City Council decided to apply an aerial biological insecticide spray for spongy moth suppression in areas of the city depicted on the map on the reverse side of this notice and to charge property owners within those areas for the cost of that project. The City Council will next consider how much to charge against the properties located in that area. Your property is within that area. It is proposed that the City Council approve an assessment of \$72.00 per treated acre (for properties larger than one-half acre). This amount will appear on the 2022 summer tax bill.

Legal Notice: The City Council intends to defray all costs of a project consisting of the 2022 aerial insecticide spray for spongy moth suppression against the parcels in special assessment district #22-812, depicted on the map on the reverse side of this notice. Property you own will be specially assessed. The amount of the proposed special assessment is \$72.00 per treated acre. A list of affected properties and the amount proposed to be assessed against each is on the City's website at www.wyomingmi.gov, via email at clerk_info@wyomingmi.gov or by calling (616)530-7296.

At its meeting on Monday, April 18, 2022, at 7:00 p.m., the City Council will hold a public hearing to take comments from interested persons about the proposed special assessments. This meeting will take place in the Council Chambers in City Hall, 1155 28th Street SW, Wyoming, Michigan. Property owners may appeal the special assessment to the Michigan Tax Tribunal (MTT) within 30 days after confirmation of the assessment roll (which may occur at this same April 18, 2022 meeting). Protest in writing before or during the public hearing or verbally during the public hearing is required to appeal to the MTT.

Those wishing to comment on this proposed spongy moth suppression project may do so by sending written comments to clerk_info@wyomingmi.gov or to City Hall by first class mail or in person at the meeting. Persons with impairments or disabilities needing accommodations or who need language assistance services may contact the City Clerk at least 36 hours before the meeting to make accommodation arrangements.

If you have any questions regarding this project or this notice, please contact the City Clerk's Office at (616) 530-7296.

Sincerely,

Kelli A. VandenBerg, City Clerk

RESOLUTION NO. _____

RESOLUTION TO DECLARE THE NECESSITY OF THE 2022 SPONGY MOTH
SUPPRESSION PROJECT AND ESTABLISH SPECIAL ASSESSMENT DISTRICT
#22-811 TO DEFRAY PROJECT COSTS

WHEREAS:

1. Spongy moths can cause damage such as plant defoliation, plant stress and susceptibility to secondary pests, caterpillar infestation and accumulation of caterpillar feces, slick and stained surfaces (*e.g.*, cars, roofs, siding, windows, patios, decks, and driveways), allergic reactions, fouling of pools (and filtration systems) and ponds, an inability to enjoy outdoor settings, and potentially, reduced property values.
2. The City Council, after proper notice, held a public hearing at its meeting of April 4, 2022, to hear from all persons affected by, interested in, or owning or occupying property proposed to be specially assessed for the city proposed 2022 spongy moth suppression project consisting of the aerial application of naturally occurring bacteria called *Bacillus thuringiensis (Bt)* (under the brand name Foray 76 or equivalent), that is also used by organic gardeners (the "Project").
3. The City Council has considered all comments from persons owning property to be assessed for the proposed project and comments from others made at the public hearing and deems it advisable to proceed with the proposed project and to specially assess the costs of it against the properties depicted on the map attached as Exhibit A and listed on Exhibit B (SA District #22-811).

NOW, THEREFORE, BE IT RESOLVED:

1. That the City Council determines to proceed with the Project and to defray all costs by special assessment against the property in SA District #22-811, including any city-owned parcels.
2. That the City Council approves the Project plans and specifications and its estimated cost of approximately \$120,000.00.
3. That the City Assessor and City Clerk shall prepare a special assessment roll for SA District #22-811 to specially assess the amount of \$27.00 per parcel with all additional related costs to be the obligation of the City at large because of the benefit to each and file the special assessment with the City Clerk.
4. That the special assessment against each parcel shall be paid in one installment to be billed on the Summer 2022 real property tax bill for that parcel so that the single payment will be due and payable on August 31, 2022 and, after that, will bear interest and penalties in the same manner and at the same rates and amounts as for late payment of real property taxes.

Moved by Councilmember:

Seconded by Councilmember:

Motion Carried Yes
 No

I certify that the foregoing Resolution was adopted by the City Council for the City of Wyoming, Michigan at a regular session held on April 4, 2022.

#22-812 TO DEFRAY PROJECT COSTS

WHEREAS:

1. Spongy moths can cause damage such as plant defoliation, plant stress and susceptibility to secondary pests, caterpillar infestation and accumulation of caterpillar feces, slick and stained surfaces (*e.g.*, cars, roofs, siding, windows, patios, decks, and driveways), allergic reactions, fouling of pools (and filtration systems) and ponds, an inability to enjoy outdoor settings, and potentially, reduced property values.
2. The City Council, after proper notice, held a public hearing at its meeting of April 4, 2022, to hear from all persons affected by, interested in, or owning or occupying property proposed to be specially assessed for the city proposed 2022 spongy moth suppression project consisting of the aerial application of naturally occurring bacteria call *Bacillus thuringiensis (Bt)* (under the brand name Foray 76 or equivalent), that is also used by organic gardeners (the "Project").
3. The City Council has considered all comments from persons owning property to be assessed for the proposed project and comments from others made at the public hearing and deems it advisable to proceed with the proposed project and to specially assess the costs of it against the properties depicted on the map attached as Exhibit A and listed on Exhibit B (SA District #22-812)

NOW, THEREFORE, BE IT RESOLVED:

1. That the City Council determines to proceed with the Project and to defray all costs by special assessment against the property in SA District #22-812, including any city-owned parcels.
2. That the City Council approves the Project plans and specifications and its estimated cost of approximately \$120,000.00.
3. That the City Assessor and City Clerk shall prepare a special assessment roll for SA District #22-812 to specially assess the amount of \$72.00 per treated acre with all additional related costs to be the obligation of the City at large because of the benefit to each and file the special assessment with the City Clerk.
4. That the special assessment against each parcel shall be paid in one installment to be billed on the Summer 2022 real property tax bill for that parcel so that the single payment will be due and payable on August 31, 2022 and, after that, will bear interest and penalties in the same manner and at the same rates and amounts as for late payment of real property taxes.

RESOLUTION NO. _____

A RESOLUTION TO ADOPT
THE WYOMING CONSOLIDATED HOUSING AND COMMUNITY DEVELOPMENT
2022/2023 ONE-YEAR ACTION PLAN

WHEREAS:

1. The City of Wyoming has applied for, and obtained, 46 years of Community Development Block Grant (CDBG) funds from the Department of Housing and Urban Development (HUD).
2. It is necessary to submit a One Year Action Plan application for the 47th year program covering the period of July 1, 2022, through June 30, 2023 to be eligible to obtain our HUD entitlement.
3. The Wyoming Community Development Committee has recommended a proposed 2022/2023 One-Year Action Plan.
4. The Wyoming Community Development Committee has also recommended that any increase or decrease in funding to match actual allocation amounts will be equitably divided between programs, excluding Public Services and Administrative activities, and adjusted based upon HUD mandated formula caps.
5. Two public hearings were held on February 2, 2022 by the Wyoming Community Development Committee and on April 4, 2022 by the Wyoming City Council on this matter.

NOW, THEREFORE, BE IT RESOLVED:

1. The Wyoming City Council does hereby adopt the 2022-2023 Wyoming Consolidated Housing and Community Development One-Year Action Plan.
2. The Wyoming City Council does hereby affirm that any increase or decrease in funding to match actual allocation amounts will be equitably divided between programs, excluding Public Services and Administrative activities, and adjusted based upon HUD mandated formula caps.

Moved by Councilmember:

Seconded by Councilmember:

Motion Carried	Yes
	No

I hereby certify that the foregoing Resolution was adopted by the City Council for the City of Wyoming, Michigan at a regular session held on April 4, 2022.

Action Plan

STAFF REPORT

Date: March 29, 2022

Subject: Consolidated Housing and Community Development Second Program Year Action Plan, July 1, 2022 to June 30, 2023

From: Rebecca Rynbrandt, Director of Community Services

Meeting Date: April 4, 2022

RECOMMENDATION:

It is recommended that the City Council:

- Adopt the City of Wyoming 2022-2023 Consolidated Housing and Community Development Plan's (ConPlan) *Second Program Year Action Plan, July 1, 2022 to June 30, 2023*, as recommended by the Wyoming Community Development Committee for the investment of \$1,076,700.26 in support of public services, infrastructure, code enforcement, and housing rehabilitation activities, and
- Affirm that any increase or decrease in funding to match actual allocation amounts will be equitably divided between programs, excluding Public Services and Administrative activities, and adjusted based upon HUD mandated formula caps.

COMMUNITY. SAFETY. STEWARDSHIP:

The Second Year Annual Action Plan provides funding to promote housing opportunities and support blight remediation throughout the City of Wyoming. The development of this Annual Action Plan is based upon the adopted 2021-2026 City of Wyoming ConPlan's goals, objectives, and priority needs. The ConPlan is the approved roadmap for investing federal funds in community planning efforts, advocating for housing development projects and strategies for both for-profit and non-profit developments within the city and region, and is responsible for targeting investments of CDBG funds and other housing and blight remediation efforts.

The CDBG program aligns with the City's service vision of creating an attractive, comfortable, engaged community by directly involving citizens in the development of our annual funding program, with the final grant award recommendations being made based upon the adopted Consolidated Plan, with affordable housing and homelessness needs identified as two of the highest priorities.

DISCUSSION:

The City of Wyoming has been an entitlement community for Community Development Block Grant (CDBG) funds since the inception of the program in 1975. The development of an Annual

Action Plan is required to be prepared and submitted to the U.S. Department of Housing and Urban Development (HUD).

On January 4, 2021, the Wyoming City Council approved the 2021-2026 City of Wyoming Consolidated Housing and Community Development Plan (ConPlan). The proposed Annual Action Plan encompasses the second program year of the ConPlan, July 1, 2022 to June 30, 2023. The Annual Action Plan identifies those agencies and activities to be funded through the City's program and grant making process.

The Wyoming Community Development Committee ranked the applicants for FY 2022-2023 in their initial funding review, considering the ConPlan and HUD priorities, and recognizing limitations in funding. The final grant award recommendations were made based upon the priorities, with affordable housing and homelessness needs identified as the highest priority. On February 2, 2022, after careful consideration of available funding, and prioritization of needs, the Wyoming Community Development Committee formally recommended the attached Action Plan for City Council approval, a synopsis of which follows:

- Clearance/Demolition:** 3 homeowners, with low/moderate-income families, would have free needed dilapidated structure demolition grants, including, but not limited to, garages, porches, and fencing, for the purpose of providing a suitable living environment (\$20,000.00).

PR-05 Lead & Responsible Agencies - 91.200(b)

1. Agency/entity responsible for preparing/administering the Consolidated Plan

The following are the agencies/entities responsible for preparing the Consolidated Plan and those responsible for administration of each grant program and funding source.

Agency Role		Name	Department/Agency
Lead Agency		WYOMING	
CDBG Administrator	WYOMING		Community Services Dept- Community Dev. Services
HOPWA Administrator			
HOME Administrator			
HOPWA-C Administrator			

Table 1 – Responsible Agencies

Narrative

The Lead Agency is the City of Wyoming. The daily CDBG activities will be handled by the Community Services Department’s - Community Development staff. Like typical municipal governments, the City Council acts as the legislative and policy-making voice of the city. As part of its activities, the City Council adopts the Five-Year Regional Consolidated Plan and approves the annual submittal of City Annual Action Plans for CDBG funding. As the chief administrator, the City Manager is responsible for the day-to-day operations of the city, including the implementing of the policies and programs of the City Council.

Community Services Department:

The Director of Community Services and Community Development Specialist serve as staff to the Wyoming Community Development Committee (WCDC). The Director of Community Services directs and supervises programs and activities related to the Annual Action Plan and CDBG expenditures. The Community Development Specialist acts as Secretary to the WCDC, advises the Director of Community Services of, and implements as required, Community Development Block Grant (CDBG) regulations, recommended best practices, and other regulatory requirements to ensure program compliance with necessary local, state, and federal administrative and statutory law. The Community

Development Specialist and Building Inspector (assigned as the Building Rehabilitation Specialist) work to process cases for Housing Rehabilitation programs. A Rehabilitation Committee, made up of the Community Services Director, Building Inspections Supervisor and City Planner, approve all housing rehabilitation applications and clearance/demolition applications.

Community Development Committee:

Relative specifically to this Annual Action Plan and CDBG funding, the Wyoming Community Development Committee (WCDC), a Council-appointed group made up of Wyoming residents, serves as an advisory body to the Director of Community Services, the City Manager and the City Council. This group also recommends the approval of the Five-Year Regional Consolidated Plan and recommends the Annual Action Plan and its related annual CDBG budget to the City Council. During the budgeting process, this group interviews sub-recipient applicants and recommends priorities for funding.

Other City Groups:

There is an Interdepartmental Agreement with the City's Inspections office relative to funding Code Enforcement. Relative to other city groups potentially involved with the Annual Action Plan, the list includes the Wyoming Housing Commission, the Downtown Development Authority, the Parks and Recreation Commission, the Public Works Department and the Building Inspections and Parks and Recreation staff of the Community Services Department.

Kent County

The City will continue its consortium agreement with Kent County allowing them to receive and administer Wyoming's federal entitlement of HOME dollars.

Rebecca Rynbrandt, Director of Community Services

AP-10 Consultation - 91.100, 91.200(b), 91.215(l)

1. Introduction

During the Consolidated Plan process, there was engagement with residents and community organizations in the identification of housing and community development needs and priorities. This process included stakeholder interviews, surveys and stakeholder focus groups. The City of Wyoming continues to reach out and consult with public and private agencies during the Annual Action Plan process. Our Subrecipients of CDBG funds are non-profit agencies, including the Fair Housing Center of West Michigan who provides fair housing testing and complaint followup services; Home Repair Services who provides minor home repairs and accessibility modifications; The Heart of West Michigan United Way who provides affordable HUD Continuum of Care administration to support the Coalition to End Homelessness; The Salvation Army Social Services who administers subsistence payments for rental assistance to low/moderate-income persons pending eviction; Family Promise of Grand Rapids who provides re-housing financial assistance and stabilization services for low-income families moving out of homelessness; and the Inner-City Christian Federation (ICCF) who provides re-housing financial assistance for low-income families.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l)).

The City will continue to work with other City departments, neighboring cities, Kent County and area housing non-profits, such as the Fair Housing Center of West Michigan, Home Repair Services, The Heart of West Michigan United Way, The Salvation Army Social Services, Family Promise of Grand Rapids and ICCF. The City also works with the Disability Advocates of Kent County. In addition, the Director of Community Services is active with the Grand Rapids Area Coalition to End Homelessness/HUD Continuum of Care to address issues of homelessness and affordable housing and the Kent County Essential Needs Task Force.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

See comments above regarding funding HUD Continuum of Care administration, The Salvation Army Social Services, Family Promise of Grand Rapids and ICCF. The City of Wyoming does not receive ESG funds.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate

outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The City of Wyoming does not receive ESG funding.

Narrative

Agencies seeking to become Subrecipients made presentations to the Wyoming Community Development Committee during the 2022-2023 Letter of Intent Application process. This process guided the development of the Annual Action Plan and the allocation of funds. In reviewing these applications, the Committee also reviewed the results and outcomes from prior years and the priority needs of the Regional Consolidated Plan. With this information, the Committee and staff developed a preliminary plan and list of projects for public review. A public hearing was conducted by the Wyoming Community Development Committee who made a recommendation to the City Council, who also held a public hearing to accept the Plan and receive additional comments. The City continues to expand its public outreach opportunities to Subrecipients in order to provide greater access to available funding. The request for Letters of Intent was distributed to over 50 local organizations.

Expected Resources

AP-15 Expected Resources - 91.420(b), 91.220(c)(1,2)

Introduction

The City of Wyoming expects to have \$1,076,700.26 available for the Community Development Program during the 2022-2023 fiscal year. This amount consists of \$588,710.00 in an estimated annual entitlement grant from HUD, \$5,000.00 in carryover funds from fiscal year 2020-21, \$323,890.00 in carryover from fiscal year 2022-2023 and \$159,100.00 from anticipated program income. The amount listed in Prior Year Resources is rounded up to the nearest dollar. The 2019-2020 CDBG-CV application for the City will be amended as well to allow for programmatic changes as a response to shifting community needs. \$147,303.73 in CDBG-CV funding will be reallocated in 2022-2023.

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

The City of Wyoming has a consortium agreement with the County of Kent allowing them to receive and administer Wyoming's federal entitlement of HOME dollars as part of the Kent County-Wyoming HOME Consortium. The City of Wyoming has input on its share of the funds and its related applications from area developers. All data related to City of Wyoming HOME funds will be reported by Kent County staff and is not included in this Action Plan in order to avoid duplicate reporting of data to HUD. The County of Kent is responsible, by executed agreement, to obtain all necessary match funds for HOME. The City of Wyoming does provide documentation of match related to public infrastructure investments directly attributed to HOME projects within the City of Wyoming.

Table 7 – Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

Funding priorities have been outlined in the 2021-2026 City of Wyoming Consolidated Housing and Community Development Plan. All projects to be funded in this Action Plan are ranked as high priority need for the City of Wyoming in the Consolidated Plan. Staff capacity, regulatory requirements and funding limitations are the obstacles to addressing underserved needs.

AP-50 Geographic Distribution - 91.420, 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

Refer to the City of Wyoming CDBG Activities map which locates projects proposed for 2022-2023 in the AP-05 Executive Summary section. Also refer to the City's Low/Moderate Income Areas map in this same section which indicates all of the City's low/moderate-income areas. As stated in the Consolidated Plan, the City of Wyoming has a lower median income than the balance of Kent County. Nearly 65% of all Wyoming households have incomes between 0-80% AMI. Of the households that are between 0-80% AMI, 24% are extremely low-income, 26% are low-income, and 48% are moderate-income.

In reference to minority concentration, the Consolidated Plan also states that the concentration of Non-White population is in the downtown and northern areas of the city. 22.8% of Wyoming's population is Hispanic/Latino according to the 2018 Five-Year ACS data, which is a 3.4% increase over the 2000 level.

The northern and eastern areas of the city contain the oldest housing units, and housing rehabilitation does regularly occur in both areas based on need and demand.

Geographic Distribution

Target Area	Percentage of Funds
All Low/Moderate-Income Areas	7
City-Wide Low/Mod Income Families	65
City-Wide	28

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

Basis for allocating funds in specific geographic areas:

- Our CDBG housing activities are available only to eligible low and moderate-income households throughout the City.
- Clearance of dilapidated structures, including, but not limited to, garages, porches and fencing, are available only to eligible low/moderate income households throughout the City.
- Code Enforcement and Fair Housing activities are only eligible in low and moderate-income areas.
- Rental Assistance is available city-wide to low-income persons pending eviction.
- Rapid Re-Housing Financial Assistance and Stabilization Services are available city-wide to low-

income families moving out of homelessness and into stabilized housing.

- Mental Health services are available City-Wide only to low/moderate income persons

Discussion

Geographic distributions of funding are in line with the intended activities' eligibility requirements.

AP-75 Barriers to affordable housing -91.420, 91.220(j)

Introduction

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

Discussion

AP-85 Other Actions - 91.420, 91.220(k)

Introduction

See other actions and processes to be carried out in the narrative below.

Actions planned to address obstacles to meeting underserved needs

The City's strategy to reduce poverty relies on promoting current and future programs, which assist low-income families, the elderly, the disabled, and those at risk of becoming homeless.

Actions planned to foster and maintain affordable housing

The 2020 Analysis of Impediments to Fair Housing Choice and Housing Needs Assessment (AI) recommendations and outlined actions to reduce barriers to affordable housing have been described in Section AP-75.

Actions planned to reduce lead-based paint hazards

The City integrates lead hazard evaluation and reduction activities into all CDBG housing rehabilitation programs. The City's Building Rehabilitation Specialist is a State of Michigan licensed lead inspector and lead risk assessor. For each housing rehabilitation project, the Building Rehabilitation Specialist identifies the potential lead hazard, develops a plan for remediation and executes the plan for remediation, in compliance with federal standards. The City will provide CDBG housing rehabilitation applicants with applicable information on the hazards of lead-based poisoning.

Actions planned to reduce the number of poverty-level families

The City's strategy to reduce poverty relies on promoting current and future programs, which assist low-income families and senior citizens. The following programs, administered by the City, assist households in poverty by reducing their expenses for such services and/or obligations:

- Community Development Block Grant -Loans at 3% annual interest are offered to households with incomes between 50% and 80% of the area median. Deferred Loans, at zero interest, repaid at a reduced amount, at the time of sale of the property, are offered to households with incomes below 50% of the area median.
- Senior Center - Free tax preparation services, free low cost recreation and leisure education programs, free legal consultation services and free medical and blood pressure screenings along with other public assistance.
- Poverty Exemptions of Property Taxes -The City allows for an exemption of all or a part of real and personal property taxes to those persons, as determined by the Board of Review, to be in

poverty. Wyoming averages about 50 exemptions each year.

- The City's Public Housing and rent certificates programs provide assistance to low-income families.
- Support of The Salvation Army Social Services in administering subsistence payments for short-term rental assistance for low-income persons pending eviction.
- Support of Family Promise of Grand Rapids in assisting low-income families moving out of homelessness and into stabilized housing. The families receive the benefit of short-term rental assistance and support services to help maintain permanent housing and build assets to support self-sufficiency.
- Support of the Inner City Christian Federation (ICCF) in assisting low- and moderate- income families with rapid rehousing funding and case management.

Actions planned to develop institutional structure

The City continues to work with Kent County and the City of Grand Rapids in the development of regional plans in the HOME Consortium. These efforts are on-going.

Actions planned to enhance coordination between public and private housing and social service agencies

The City has renewed its annual memorandum of understanding with the Kent County Essential Needs Task Force Governance, which is a collective effort of governmental agencies, non-profits, faith-based organizations, funders and community volunteers who seek to enhance the structure of services, and develop and support a sustainable model for the emergency response network for residents throughout Kent County.

Staff Report

Resolution No. _____

STAFF REPORT

Date: March 24, 2022
Subject: FBI Western Michigan Violent Crime Task Force MOU
From: Captain Timothy Pols
Meeting Date: April 4, 2022

RECOMMENDATION:

It is recommended the City Council authorize the Mayor and City Clerk to sign a memorandum of understanding between the Department of Public Safety and the Federal Bureau of Investigation (FBI) in a form approved by the City Attorney.

COMMUNITY, SAFETY, STEWARDSHIP:

The Metropolitan Pattern Crime Team (MPACT) is a newly established, multi-jurisdictional investigative team designed to create a cooperative effort between law enforcement agencies within Kent County for the purpose of investigating incidents relating to significant crime patterns occurring in each participating jurisdiction. The FBI has proposed utilizing detectives assigned to MPACT as Task Force Officers (TFOs) on the FBI Western Michigan Violent Crime Task Force.

Because shootings, robberies, burglaries, and other violent crime often cross jurisdictional boundaries, combining our talent and resources with local jurisdictions as well as with the FBI allows us to be more effective at locating, identifying, apprehending, and prosecuting those individuals who may be involved in these types of crimes in our city. The partnership with the FBI also opens opportunities for federal monies to fund certain aspects of the MPACT mission.

DISCUSSION:

Council recently approved the Mayor and Clerk to sign an agreement which formalized the formation of MPACT, designed to combat pattern crimes and violent crimes which cross jurisdictional boundaries. MPACT is now operational and has experienced early success. The FBI is interested in utilizing detectives assigned to MPACT as Task Force Officers (TFOs) on the FBI Western Michigan Violent Crime Task Force.

Becoming FBI TFOs would mean that personnel would be deputized by the FBI. This would grant officers expanded authority related to obtaining federal charges on certain crimes when appropriate. The FBI is willing to provide each TFO with a work vehicle and refund overtime spent on qualifying violent crime initiatives.

The MOU has been reviewed by City Attorney Scott Smith.

BUDGET IMPACT:

Signing this agreement will have no adverse budget impact and will shift qualifying overtime and vehicle expenses from the Public Safety budget to the FBI.

RESOLUTION NO. _____

RESOLUTION TO AWARD THE BID FOR THE
2022 ALDON, LOCKSLEY AND ROGERS LANE WATERMAIN
REPLACEMENT PROJECT AND TO AUTHORIZE
THE MAYOR AND CITY CLERK TO EXECUTE THE CONTRACT

WHEREAS:

1. On March 29, 2022, the City received five (5) bids for the 2022 Aldon, Locksley and Rogers Lane Watermain Replacement Project with Wyoming Excavators, Inc. submitting the low bid of \$963,548.
2. The bid is \$30,322.50 or 3.2% above the Engineer's Estimate and is in the best interest of the City to perform the aforementioned work.
3. The costs for this project can be financed out of the Water Fund, but a budget amendment is necessary.

NOW, THEREFORE, BE IT RESOLVED:

1. The City Council does hereby award the 2022 Aldon, Locksley and Rogers Lane Watermain Replacement Project to Wyoming Excavators, Inc. in the amount of \$963,548, and approves the attached budget amendment.
2. The City Council does hereby authorize the Mayor and City Clerk to execute the contract.

STAFF REPORT

Date: March 29, 2022

Subject: 2022 Aldon, Locksley and Rogers Lane Watermain Replacement Project – Award of Bid

From: Jeffrey Oonk, Senior Civil Engineer

Meeting Date: April 4, 2022

RECOMMENDATION:

It is recommended City Council award the 2022 Aldon, Locksley and Rogers Lane Watermain Replacement Project to Wyoming Excavators, Inc. in the amount of \$963,548.

COMMUNITY, SAFETY, STEWARDSHIP:

Reliable watermains provide safe potable water to residents and businesses for domestic use, industrial processes and fire protection.

DISCUSSION:

Wyoming received five (5) bids for the 2022 Aldon, Locksley and Rogers Lane Watermain Replacement Project. The low bid was submitted by Wyoming Excavators, Inc. in the amount of \$963,548, which is 3.2% above the engineer's estimate of \$933,225.

The existing watermains in Aldon Street, Locksley Drive and Rogers Lane Avenue have experienced several watermain and water service breaks. These watermains were constructed in the 1950s and have reached the end of their useful life. This project will include the replacement of the existing main and water services within the street right-of-way, along with resurfacing and restoration of the street.

The total project cost is \$1,020,000 including engineering and contingencies.

BUDGET IMPACT:

Sufficient funds are available in the Water Fund Account No. 591-441-57300-972.573, but a budget amendment is necessary.

STAFF REPORT

Date: February 28, 2022
Subject: Acceptance of Proposal – Ready Mixed Concrete
From: Jodie Theis, Public Services Supervisor
Meeting Date: April 4, 2022

RECOMMENDATION:

The Public Works Department recommends that the City Council accept the proposal from Consumers Concrete Corporation for Ready Mixed Concrete at the unit costs shown in the attached proposal. It is also recommended that the City Council authorize the Mayor and City Clerk to execute the contract.

COMMUNITY, SAFETY, STEWARDSHIP:

The Public Works Department utilizes concrete to repair and maintain the City's streets, curbs, drives, sidewalks and other infrastructure damaged by weather and utility failures throughout the year. The use of concrete, made from materials that can be recycled, reduces the consumption of natural resources and the dumping of concrete materials in landfills.

DISCUSSION:

Invitations to bid on Ready Mix Concrete were sent to twenty-one bidders. On February 15, 2022, the City did not receive any bids.

Since no bids were received, the City reached out to its current ready mixed concrete supplier, Consumers Concrete Corporation, and asked them to submit a proposal to supply the material. The proposal was received on February 28, 2022.

The Public Works Department is anticipating a yearly total of \$35,000.00 for ready mixed concrete. The unit price for 6.0 sack A/E concrete is an increase of 9% from last year's bid price of \$104.00. The unit price for 6.0 sack MDOT P1 concrete is an increase of 6% from last year's bid price of \$107.00. The unit price for 9.0 sack concrete is an increase of 5% from last year's bid price of \$128.00. The concrete is to be delivered to the various job sites throughout the City.

BUDGET IMPACT:

Sufficient funds are available in the street, sewer and water maintenance accounts: 202-441-46300-775.000, 203-441-46300-775.000, 590-441-54200-775.000, 591-441-56200-775.000 and 591-441-56700-775.000.

Resolution No. _____

STAFF REPORT

Date: March 28, 2022
Subject: Approval of Emergency Fire Truck Engine Repair
From: Ted Seil, Fleet Services Supervisor
Meeting Date: April 4, 2022

RECOMMENDATION:

The Public Works Department recommends that the City Council approve repair invoice S3-38532 from Cummins Sales and Service in the amount of \$9,409.86 for the emergency engine repair of Fire Aerial Truck L-73.

COMMUNITY, SAFETY, STEWARDSHIP:

Prompt repairs of City Fire Apparatus are important so that the property and citizens of the City can be adequately protected.

DISCUSSION:

On February 24, 2022, Fire Aerial Truck L-73 was brought into the Fleet Services Division for engine oil and coolant leaks. Fleet Services staff determined that the problem was likely a front engine cover leaking oil and engine cylinder head gasket leaking coolant. Since the City is not equipped to do this type of repair, the truck was taken to Cummins Sales and Service. It was determined that the truck did have front engine cover oil leakage, cylinder head gasket coolant leakage and air compressor cylinder head coolant leaks. The engine was torn down to a point that it made sense to also replace the cylinder sleeves and piston rings. Because fire truck L-73 is the City's only aerial truck, emergency repair authorization was obtained from the City Manager in order to return the truck to service as soon as possible. Fleet Services staff were able to work with Cummins to reduce the repair amount from \$17,098.88 to \$9,409.86 due to the low miles and hours of use through their customer assistance program. Repairs were completed and the truck has been returned to service.

BUDGET IMPACT:

Sufficient funds have been budgeted in the Fleet Services Repairs and Maintenance Account 661-441-58200-930.000

Resolution No. _____

STAFF REPORT

Date: March 28, 2022
Subject: Tank Overflow Repair
From: Dan Kleinheksel, Utility Maintenance Manager
Date of Meeting: April 4, 2022

RECOMMENDATION:

It is recommended the City Council accept the proposal for tank overflow repair at the Gezon Pump Station by Denny's Excavating in the estimated amount of \$9,425.00.

COMMUNITY, SAFETY, STEWARDSHIP:

Complete and pre-emptive repair of degrading infrastructure contributes to the longevity of use and prevention of untimely and costly repairs or replacement that could potentially interrupt the day-to-day operations of the Gezon Pump Station.

DISCUSSION:

Two ground storage reservoirs located at the Gezon Pump Station have a common 36" overflow pipe that terminates with a large concrete headwall and spillway. Plant staff recently discovered erosion under the headwall caused by a separation between the headwall and the 36" overflow pipe. To prevent further erosion and more extensive repair, it is prudent to make a permanent repair.

Therefore, two excavation contractors who have performed work of this nature for the utility plants were contacted to evaluate repair options and provide proposals. Each contractor made site visits to inspect the overflow and offer options for repair. Plant staff in collaboration with the excavation contractors determined a sound repair approach is to pour a concrete collar at the headwall separation and reinforce the spillway. Doing so will provide a permanent and robust repair that will prevent further erosion. Each excavation contractor was provided with the same scope of work to ensure a competitive opportunity, and each submitted a proposal as follows:

Denny's Excavating, Inc.	\$9,425.00
Velting Contracting, Inc.	\$21,200.00

Upon review of the proposals received, Denny's Excavating was found to meet the necessary scope of work and was also the lowest proposal. The City has contracted with Denny's Excavating for past projects and they have done excellent work. Therefore, it is recommended the City Council accept the proposal for tank overflow repair at the Gezon Pump Station by Denny's Excavating in the estimated amount of \$9,425.00.

BUDGET IMPACT:

Adequate funds exist in the Water Fund Account #591-591-55900-930.000.

STAFF REPORT

Date: March 24, 2022
Subject: Storage Tank Rehabilitation
From: Dan Kleinheksel, Utility Maintenance Manager
Meeting Date: April 4, 2022

RECOMMENDATION:

It is recommended the City Council award the bid from Fedewa Inc. to paint a 5,000,000 gallon concrete reservoir and perform EGLE compliance repairs on four Gezon storage reservoirs in the amount of \$190,899.00.

COMMUNITY, SAFETY, STEWARDSHIP:

Regular and proper upkeep of the utility plant infrastructure contributes to the prevention of untimely and costly repairs that could potentially interrupt the day-to-day operations. Additionally, the storage reservoir painting and compliance repairs ensure safe, reliable, and efficient water storage for an estimated 15 or more years.

DISCUSSION:

Three ground storage reservoirs and one elevated reservoir are located at the Gezon Pump Station site with a total capacity of 21 million gallons of potable water which supplies the City of Wyoming and wholesale customers. The tanks are inspected regularly to ensure they are in sound condition and meet EGLE

compliance. The 5,000,000 gallon concrete reservoir is in need of exterior concrete and pipe painting. Additionally, all four reservoirs require various modifications to overflow piping, vent screens, and access hatches to meet EGLE compliance.

Specifications for the work required for compliance and maintenance were developed by Dixon Engineering and competitively bid with a pre-bid meeting held on Wednesday, March 2nd, and a bid opening on Tuesday, March 22nd. After review of the bids received, Fedewa Inc. was found to meet the necessary bid specifications and was also the lowest bid. Fedewa Inc. has successfully performed similar projects for the City and is the recommended bidder by Dixon Engineering. Therefore, it is recommended the City Council award the bid from Fedewa Inc. in the amount of \$190,899.00.

Contractor	Bid Amount
E&L Contractors, Inc	\$280,300.00
Fedewa, Inc	\$190,899.00
L.C. United Painting Co., Inc.	\$327,000.00

Liquidated damages are applicable and begin after out-of-service days or after Substantial Completion date whichever is the earlier date. Liquidated damages at \$1,000/calendar day shall apply after this date.

1.03 SCOPE of WORK

Tank Information:

The structure is a 5,000,000 gallon concrete reservoir with a 152 ft. diameter and a sidewall height of 31.6 ft. located at 5591 Gezon Court SW in Wyoming, Michigan. There are some repairs to be performed on the 10,000,000 gallon concrete reservoir, on the 5,000,000 gallon steel reservoir, and on the 1,000,000 gallon toropillar all located at the same site.

The work includes:

Exterior: Low pressure water clean (3,500 to 5,000 psi) and apply a two (2) coat waterborne acrylate system.

Wet Interior Piping (and supports): Abrasive blast clean to a SSPC-SP10 near-white metal standard and apply a three (3) coat zinc epoxy system.

Pit Piping: Abrasive blast clean to a SSPC-SP6 commercial standard and apply a two (2) coat epoxy system.

Metal Repairs:

5,000,000 Gallon Concrete Reservoir:

- 1) Install a fall prevention device on the exterior ladder.
- 2) Replace the vandal guard.
- 3) Install a ladder in the wet interior.
- 4) Install deflector grate on the fill/draw pipe.
- 5) Replace the roof vent screen.

10,000,000 Gallon Concrete Reservoir:

- 1) Replace the roof vent screen.
- 2) Install a 45 degree extension with a flap gate on the overflow pipes.

5,000,000 Gallon Steel Reservoir:

- 1) Install gaskets on the wet interior roof hatches.
- 2) Replace the center roof vent and two other vents.

1,000,000 Gallon Toropillar:

- 1) Replace the roof vent screen.
- 2) Replace overflow discharge screen.

5,000,000 Gallon Steel Reservoir:

Exterior: Low pressure water clean (3,500 to 5,000) to remove all mildew, dirt, and other contaminants.

Project Total

1.02 TOTALS

A. Project Total Base Bid is to match total Base Bid price supplied in Bid/Agreement form.

1.03 MISTAKES

- A. Project Total of Schedule of Values paragraph should equal sum of individual items. If the addition of individual items does not match total, then each individual item will be added again and the math corrected.
- B. A mistake in addition for schedule items cannot be used to increase lump sum bid. If Bid correction results in an increased price, then Owner may accept, may request Bidder to reduce all individual item prices proportionally, or may reject Bid.
- C. Mistakes discovered after Award, even after completion will adjust Price downward only. It is the Contractor/Bidders responsibility to recheck prices prior to Award.
- D. A mistake in Schedule of Values may be used as evidence of error in any request to withdraw bids because of error. Approval of request to withdraw bids is covered in the Information for Bidders. This section is not intended to conflict any portion of the bid package. Approval of bid withdrawal will be based solely on the Owner's interpretation of the severity of the mistake.

1.04 CHANGES in SCHEDULE of VALUES by OWNER

- A. The owner reserves the right to delete any line item of Part 1.01 adjusted line item; except for coating work, at their sole discretion for any reason. All contract general costs (mobilization, demobilization, bonds, etc.) should be evenly distributed over the coating items which are not subject to deletion.
- B. The Bidder/Contractor is advised not to overload any specific deductible line item. It could result in loss of profit if the overload item is deleted.
- C. This deletion of items or not including alternates is an expressly stated reservation (a contractually agreed automatic negotiation). Any deletion of specific line items will

be completed before selection of the lowest responsible/responsive Bidder. Change will be reflected in the Notice of Award (NOA).

1.05 NON-DELETABLE WORK BEFORE and AFTER NOA

- A. Bidders are advised that all line items except for base bid coating work may be deleted from the project prior to award. Any deletion of line items, or increase or decrease in unit cost items deemed necessary after the Notice of Award, will be completed through the Change Order procedure. Prices used in the Schedule of Values will be used in the Change Order adjustment.

Resolution No. _____

STAFF REPORT

Date: March 21, 2022
Subject: Aeration Blower Repair
From: Dan Kleinheksel, Utility Maintenance Manager
Date of Meeting: April 4, 2022

RECOMMENDATION:

It is recommended the City Council concur with the emergency repair of one Clean Water Plant aeration blower by Hibon in the estimated amount of \$21,226.09 plus freight.

COMMUNITY, SAFETY, STEWARDSHIP:

Properly functioning equipment is vital to the Clean Water Plant's ability to successfully treat wastewater for the City of Wyoming and its wholesale customers. When there is a known breakdown in the function of this equipment, delays in repair could potentially interrupt the critical day-to-day operations of the Clean Water Plant and may lead to more costly repairs.

DISCUSSION:

The Clean Water Plant aeration basins utilize five centrifugal blowers as part of the wastewater treatment process. The blowers are a necessary part of secondary treatment which includes the removal of biodegradable organic matter by bacteria and microorganisms. Providing air/oxygen to the aeration basins promotes aerobic digestion and is a primary and critical function of the blowers.

One blower recently failed due to high vibration and was no longer operable. Upon inspection by plant staff, it was determined that further evaluation from Hibon, the original equipment manufacturer, was necessary. Inspection and disassembly by Hibon found the root cause of the vibration to be a bent drive shaft and bad drive bearing. Replacing these components and other worn components of the 15-year-old blower totals an estimated amount of \$21,226.09.

Due to the critical function of the aeration blower and considering the longer lead times in today's market, it was necessary to proceed with an emergency repair. Therefore, it is recommended the City Council concur with the emergency repair of one Clean Water Plant aeration blower by Hibon in the estimated amount of \$21,226.09 plus freight.

BUDGET IMPACT:

Adequate funds are available in the Sewer Fund Account #590-590-54300-930.000.

TERMS AND CONDITIONS OF SALE

1. **General.** The Terms and Conditions of Sale outlined herein shall apply to the sale by Hicon Inc. an Ingersoll Rand company (hereinafter referred to as Company) of products, equipment, and parts relating thereto (hereinafter referred to as Equipment). It shall be understood that the Company's proceeding with any work shall be in accordance with the terms and conditions outlined herein.

The Company will comply with applicable laws and regulations in effect on the date of the Company's proposal as they may apply to the manufacture of the Equipment. Compliance with any local governmental laws or regulations relating to the location, use or operation of the Equipment, or its use in conjunction with other equipment, shall be the sole responsibility of the Purchaser. This agreement shall be governed by and construed in accordance with the laws of the jurisdiction in which the transaction takes place without regard to the conflict of laws provisions thereof. The United Nations convention on contracts for the International Sale of Goods shall not apply to this agreement.

2. **Title and Risk of Loss.** Title and risk of loss or damage to the Equipment shall pass to the Purchaser upon tender of delivery EXWORKS manufacturing facility unless otherwise agreed upon by the parties, except that a security interest in the Equipment shall remain in the Company, regardless of mode of attachment to realty or other property, until full payment has been made therefor, and Purchaser shall adequately insure the Equipment against loss or damage from any cause wherein the Company shall be named as an additional insured.

3. **Assignment.** Neither party shall assign or transfer this contract without the prior written consent of the other party.

4. **Delivery and Delays.** Delivery dates shall be interpreted as estimated and in no event shall dates be construed as falling within the meaning of "time is of the essence."

The Company shall not be liable for any loss or delay due to causes beyond the reasonable control of the Company. In the event of delay in performance due to any such cause, the date of delivery or time for completion will be adjusted to reflect the actual length of time lost by reason of such delay. The Purchaser's receipt of Equipment shall constitute a waiver of any claims for delay.

5. **Taxes.** The price does not include any present or future Federal, Provincial, or local property, license, privilege, sales, use, excise, gross receipts or other like taxes or assessments applicable to this transaction or any services performed hereunder. Such taxes will be itemized separately to Purchaser. The Company will accept a valid exemption certificate from Purchaser. If exemption certificate is not recognized by the governmental taxing authority, Purchaser agrees to promptly reimburse the Company for any taxes which the Company is required to pay.

6. **Patents.** The Company shall defend the Purchaser against any proceeding based upon a claim that the Equipment manufactured by the Company, and furnished under this contract, infringes any patent of Canada or the United States of America, providing the Company is promptly notified in writing and given authority, information and assistance for defense of same; and the Company may, at its option, procure for the Purchaser the right to continue to use said Equipment, or modify it so that it becomes non-infringing, or replace the same with non-infringing equipment, or remove said Equipment and refund the purchase price. The Company does not accept any liability whatsoever in respect to patents claiming more than the Equipment furnished hereunder, or claiming methods and processes to be carried out with the aid of said Equipment. The foregoing states the entire liability of the Company with regard to patent infringement.

7. **Warranty.** The Company warrants that the Equipment manufactured by it and delivered hereunder (including Company re-manufactured Equipment) will be free of defects in material and workmanship for a period of twelve months from the date of placing the Equipment in operation or eighteen months from the date of shipment, whichever shall first occur. The foregoing warranty period shall apply to all Equipment, except for the following:

A – Airend for Multistage Centrifugal Blowers - When Multistage Centrifugal Blowers have been placed into operation under the supervision of a Certified Company Technician and bearing housings have been lubricated solely with Hicon Lube brand lubricant, the Company warrants the airend component of such blowers for the earlier of twenty-four (24) months from the date of initial operation or thirty (30) months from the date of shipment.

B – Repaired blowers - All models of Positive Displacement Blowers or Multistage Centrifugal Blowers that have been repaired by the Company at its service center located in Dorval, Canada are warranted for the earlier of six (6) months from the date of initial operation or twelve (12) months from the date of shipment.

C – Replacement Parts – Six (6) months from the date of shipment.

The Purchaser shall be obligated to promptly report any failure to conform to this warranty, in writing to the Company within said period, whereupon the Company shall, at its option, correct such nonconformity, by suitable repair to such Equipment or, furnish a replacement part provided the Purchaser has stored, installed, maintained, and operated such Equipment in accordance with good industry practices and has complied with specific recommendations of the Company. At its option, the Company shall fulfill any repair obligation either at the nearest Company-approved service center or at the Purchaser's jobsite, provided Purchaser allows the Company free access to the Equipment. Company reserves the right to take possession of or direct Purchaser to return any replaced parts, which shall become Company property. Accessories or equipment furnished by the Company, but manufactured by others, shall carry whatever warranty the manufacturers have conveyed to the Company and which can be passed on to the Purchaser. This warranty shall not apply to any component which Purchaser directs Company to use in or add to the Equipment, and which would not otherwise be used or added by the Company. The Company shall not be liable for any repairs, replacements, or adjustments to the Equipment or any costs of labor performed by the Purchaser or others without the Company's prior written approval.

The effects of corrosion, erosion, and normal wear and tear are specifically excluded. Performance warranties are limited to those specifically stated within the Company's proposal, and the Company's obligation for meeting such performance warranties shall be to correct in the manner and for the period of time provided above.

THE COMPANY MAKES NO OTHER WARRANTY OR REPRESENTATION OF ANY KIND WHATSOEVER, EXPRESSED OR IMPLIED, EXCEPT THAT OF TITLE, AND ALL IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE HEREBY DISCLAIMED.

Correction by the Company of nonconformities whether patent or latent, in the manner and for the period of time provided above, shall constitute fulfillment of all liabilities of the Company for such nonconformities, with respect to or arising out of such Equipment.

The Purchaser shall not operate Equipment which is considered to be defective, and any such use of Equipment will be at the Purchaser's sole risk and liability.

8. **Limitation of Liability.** The remedies of the Purchaser set forth herein are exclusive, and the total liability of the Company with respect to this contract, whether based on contract, warranty, negligence, indemnity, strict liability or otherwise, shall not exceed the purchase price of the unit of Equipment upon which such liability is based.

The Company and its suppliers shall in no event be liable to the Purchaser, any successors in interest or any beneficiary or assignee of this contract for any consequential, incidental, indirect, special, lost profits or punitive damages arising out of this contract or any breach thereof, or any defect in, or failure of, or malfunction of the Equipment hereunder, whether or not such loss or damage is based on contract, warranty, negligence, indemnity, strict liability or otherwise.

9. **Nuclear Liability.** In the event that the Equipment sold hereunder is to be used in a nuclear facility, the Purchaser shall, prior to such use, arrange for insurance or governmental indemnity protecting the Company against liability and hereby releases and agrees to indemnify the Company and its suppliers for any nuclear damage, including loss of use, in any manner arising out of a nuclear incident, whether alleged to be due, in whole or in part to the negligence or otherwise of the Company or its suppliers.

10. **Execution.** The Company shall not be bound by any contract or any modification thereto until approved in writing by an officer of the Company. The contract, when so approved, shall supersede all previous communications, either oral or written.

11. **Personal Data.** In the context of the performance of this Contract either Party and namely Company or Purchaser ("Data Recipient") may process personal data relating to other Party's ("Data Provider") (i) vendors, (ii) customers, (iii) employees, or (iv) agents, directors or other individuals that are not employees ("Personal Data"). Such provision of Personal Data shall constitute an exchange from one controller to another controller. The Parties shall each as a controller for their own purposes process any Personal Data in compliance with applicable laws regarding the processing of Personal Data. Furthermore, the Data Recipient agrees that it as well as its employees, agents and contractors of any legal status, including but not limited to individuals, partnerships and corporations ("Agents") will not use Personal Data for any purpose other than the fulfillment of this Contract and will not retain the Personal Data for longer than necessary. The Data Recipient and its Agents to whom Personal Data are provided shall maintain appropriate technical, organizational and security measures for the protection of Personal Data.

The Data Recipient agrees to immediately report to the Data Provider any known or suspected (i) unauthorized access to the Personal Data, (ii) loss or theft of the Personal Data, and (iii) use or disclosure of Personal Data that violates the terms of this Agreement. The Data Recipient will mitigate, to the extent practicable, any harmful effects of any such events known to it or its Agents, and cooperate with the Data Provider in providing any notices regarding such events which the Data Provider deems appropriate.

Personal Data of the Purchaser may be processed by the Company for legitimate business reasons – such as fulfilling purchase orders, processing invoices and receiving payments, honoring warranties for customer service agreements and part replacements, for general customer administration, website management, providing marketing information on products and services and events that may interest customer (with consent of individuals for direct marketing where legally required). Personal Data of the Purchaser may be transferred to Ingersoll Rand entities worldwide or to third parties worldwide providing services to the Ingersoll Rand Group (such as data hosting services) for these purposes. Company will keep the Personal Data as long as necessary for the purposes of the processing except if we have to process it further under a legal obligation or in case of a dispute or legal procedure. When working with other parties outside the EU, we ensure adequate personal data protection, for instance through the implementation of standard contractual clauses – as recognized by the European Commission- or by working with third parties who are certified under the EU – U.S. Privacy Shield and the U.S. – Swiss Privacy Shield Framework. By entering into the Contract and any agreement with the Company you confirm that you are entitled to provide to the Company with this Personal Data in view of the use and transfer of Personal Data for these purposes, including that you have obtained the necessary consents of data subjects where required.

In situations where any Party would, as a processor, process Personal Data on behalf of the other (as controller), they will enter into a data processing agreement in conformity with applicable law, including where applicable the GDPR.

RESOLUTION NO. _____

RESOLUTION TO AUTHORIZE A CHANGE ORDER
FOR THE PURCHASE OF ALUMINUM SULFATE (ALUM)

WHEREAS:

1. On June 7, 2021, City Council adopted resolution number 27035 authorizing the purchase of aluminum sulfate (alum) from USALCO Michigan City Plant, LLC at a cost of \$355.10/ton.
2. As detailed in the attached staff report, USALCO Michigan City Plant, LLC is requesting a temporary price increase to \$424.08/ton.
3. Funds for the purchase are budgeted in account number 591-591-55300-740.000.

NOW, THEREFORE, BE IT RESOLVED:

1. The City Council does hereby approve a change order for the purchase of aluminum sulfate (alum).
2. The City Council does hereby authorize the City Manager to acknowledge acceptance of future temporary price increases in accordance with budget authorization.

Moved by Councilmember:

Seconded by Councilmember:

Resolution No. _____

STAFF REPORT

Date: March 29, 2022

Subject: Temporary Price Increase for Aluminum Sulfate (Alum)

From: Robert Veneklasen, Water Treatment Plant Superintendent

Meeting Date: April 4, 2022

RECOMMENDATION:

It is recommended the City Council accept the temporary price increase to the current bid price from the West Michigan Cooperative Purchasing Consortium for Aluminum Sulfate from USALCO at a cost of \$424.08 per ton; an increase of \$68.98 per ton.

COMMUNITY, SAFETY, STEWARDSHIP:

Participation in the West Michigan Cooperative purchase of chemical provides the City with the most favorable pricing for the necessary treatment chemicals through the greater quantity to be supplied. In addition, cooperative purchasing maintains communications and common benefits between the participating municipal utilities.

DISCUSSION:

The West Michigan Consortium has accepted and awarded contracts for the purchase of alum. The original bid was received by the City of Grand Rapids as part of the cooperative purchasing strategy with participation by the Cities of Wyoming, Holland, Grand Rapids, Grand Haven, Muskegon Heights, and Muskegon. The City of Wyoming has participated in this program for over 15 years.

The approved price for the current bid is \$355.10 per ton. The new cost will be \$424.08 per ton.

USALCO is requesting a temporary price increase to the current contract due to, “unprecedented raw material inflation”, that USALCO has incurred in 2021 and 2022 specifically for sulfuric acid and aluminum trihydrate. This request is in accordance with the contract and the supporting documentation is included.

This is a reasonably short-term increase as the annual contract renewal occurs in early June of 2022.

BUDGET IMPACT:

Adequate funds were budgeted in account #591-591-55300-740.000 (WTP). However, a budget amendment may be needed to end the current fiscal year.

**RE: Bulk Chemicals, Liquid Aluminum Sulfate
MA 233 20000210**

Dear Ms. Wierenga:

USALCO LLC, the city of Grand Rapids Co- OP supplier of liquid aluminum sulfate is requesting a price adjustment effective April 1, 2022. The requested new price is based on the following:

\$366.29/dry ton (original contract price –yr. three)
+ \$68.98 - dry ton (price adjustment)

\$435.27 /dry ton (requested new price = \$212.00 / wet ton)

Our request originates from unprecedented raw material inflation that USALCO has incurred throughout 2021 and into 2022, specifically regarding sulfuric acid and ATH (aluminum trihydrate). Going into this year aluminum and alumina were up \$40-\$50/ton compared to 1Q 2021. In accordance with the current contract requirements USALCO is respectively submitting this request with the attached documents.

Please contact me should you have any questions and or if I can be of assistance with this matter.

Thank you,

Drivers and Restraints

This Month

Drivers

Acid Supply: Remains limited for spot opportunities amid ongoing and upcoming maintenance and other op issues

Russia-Ukraine: The developing situation is resulting in some commodity prices to firm, including oil and phosphates

Restraints

Imports - Acid: Availability for and timing of offshore imports, rather than price, constraining liquidity

Mosaic Operations: Issues heard in Florida which could result in it needing to export sulphur

1Q22

Drivers

Demand - Phosphates and Base Metals: The outlook for the global market in 2022 remains bullish, supporting sulphur consumption accordingly

Acid Plant Maintenance: Planned at many plants serving domestic merchant market

Restraints

European Acid Supply: Lack of availability reduces options for needed offshore imports

US S Production: Expected to be firmer than in 1Q22, outside of a major weather event or other supply disruption

2Q22

Drivers

Phosphate - US: With a firm outlook for spring application demand and 2H21 domestic production impacted by op issues, demand will be firm for both P and S

Acid Supply: No notable improvement in supply expected with heavy maintenance in 1H both domestically and offshore

Restraints

Acid Pricing: Could see some demand destruction if pricing not workable for downstream applications

Countervailing Duties Appeal: A decision will be awaited that could impact phosphate pricing/trade flows

4Q21 Earnings and Production Highlights

- **BP** reported refining results for 2021 were improved due to strong refining margins, higher utilization and commercial optimization which were offset by other factors including higher energy costs. Total refinery throughputs for 4Q were 1.6m bbl/day with an operated refining availability of 95.4%. Adjusted refining margins were reported \$15.1/bbl, similar to the previous quarter of \$15.2/bbl which was a result of continued liquid fuel demand. Utilization for the quarter and full year was around 8% and 5% higher than the same periods in 2020 mainly due to lower Covid-19 related demand impacts. Refining availability for the full year was 94.8%, compared with 96.0% in 2020, due to maintenance activity.
- **Cenovus** reported strong production in 4Q21 of over 825,000 bbl/day. Downstream operations total crude throughput was 469,900 bbl/day which was a 178% increase over the same period last year, with the Lloydminster upgrader and refinery achieving an average crude oil utilization rate of 98% for the quarter. This supported sulphur production accordingly, with historically around 10,000 t/month produced by the Lloydminster upgrader in Saskatchewan which ran at or near its capacity in 4Q, and an average utilization of 96% for the full year.
- **Freeport McMoRan** reported North American copper sales of 364m lbs, a decrease from 4Q20 sales of 320m lbs which was primarily due to the production ramp-up from Lone Star and restart of operations at Chino. Estimated copper sales in North America for the current year are predicted to be 1.55 billion lbs. Average unit net cash costs for North American copper mines were \$1.90/lb which is an increase from 4Q20 at \$1.76/lb. Expectations are for the 2022 net cash costs to average around \$2.00/lb. The Lone Star copper leach project is exceeding the initial design capacity which will be further increased by an additional incremental oxide expansion under advancement which will increase copper production to over 300m lbs/yr from oxide ores.
- **Keyera** reported their JV with Enbridge, construction of its South Cheecham sulphur facilities is expected to come online in mid 2022. It noted a \$65m increase in gross cost to the project because of engineering design deficiencies and supply chain disruptions.
- **Nutrien** reported phosphate prices have been supported by the expected reduction in supply from China due to export restrictions and elevated raw material input costs which are compounded by tight inventories in key import markets such as India. US growers experienced favorable fall weather conditions that combined with strong crop economics, supported a second consecutive year of strong fall fertilizer application.
- **Valero's** refining segment posted operating income profit for the quarter of \$1.3 billion, up from a \$377m loss in the same period last year. Refinery throughput averaged 3m bbl/day which was a 483,000 bbl/day increase on 4Q20. The outlook for refining margins remains supported by strong demand, low inventories globally, global tightness in supply from refining capacity rationalization, and wider sour crude oil differentials.

Sulphur

Sulphur output in the US is heard improving, according to both the buy and sell sides. The issues in Texas stemming from cold weather earlier this month are heard largely resolved. Amid stable supply, there are indications **Mosaic** is experiencing some operational issues at its phosphate fertilizer production sites in Florida which is impacting its consumption. Tomorrow the company will release its 2021 earnings results to be followed by a conference call on Wednesday to discuss the results. We will be monitoring to see if any details are provided about the status of their operations and provide an update accordingly.

Meanwhile, Mosaic is heard to have secured plenty of offshore solid volume to feed its melter in Florida, where there too they are heard to have issues. As a result, one vessel is currently heard to be awaiting discharge. One of the drivers for securing supply was the developing situation in Russia, which is a key outlet of solid sulphur Mosaic imports into both the US and Brazil, particularly with volume from Kazakhstan being shipped through Russian terminals. For now, no impact to vessel loading has been heard.

Mosaic's reduced output and healthy solid position could result in need for some volume to be prilled in Texas on its behalf. While last year Mosaic sent this prilled volume for its own consumption in Brazil, they appear well covered there. Subsequently, trade could be seen if Mosaic sells the volume direct or to another supplier to trade.

Outside of the Mosaic situation, it is heard that at least two vessels are likely to be exported from Texas in the coming weeks, which should provide an opportunity for price discovery on a US Gulf Coast basis. For now, we are holding our assessment flat at \$310-320/t FOB.

We have increased our Vancouver assessment to \$310-320/t FOB. This is supported by indications of a cargo being sold at \$315/t FOB for shipment to Brazil. It is also in-line with price offers heard for a February shipment to another country in Latin America. A downward adjustment could be forthcoming, however, with ongoing limited liquidity in China and firmer freight rates pressuring prices.

Supply in Canada is being described as stable and with rail cars keeping up with that, there is no room to catch up on the still high volumes of prilled sulphur being held at prilling sites in Alberta and British Columbia since the flooding in British Columbia back in November 2021.

In other logistics news, we note that various blockades at Canada-US border crossings have not been heard to have any impact on sulphur movement. There continues to be a shortage of truckers, however, which continues to strain the supply chain.

Acuity expands North American coverage of multiple industrial chemicals

We have created a monthly publication – **Industrial Chemicals: US & Canada** - focusing on multiple industrial chemicals used and traded in North America. The report will provide high level market information on a variety of raw materials consumed for downstream industrial applications giving market participants greater insight.

If you have any comments or questions, please email us at info@acuitycommodities.com

In the global market, spot business is slow as supply remains overall snug and rapid increases in raw material costs since last year as resulted in more cautious buying. There has also been opportunistic selling of sulphur by untraditional sources due to current high pricing, including bagged sulphur from Iraq. As noted above, firmer freight is also constraining FOB pricing. As an indication, highest rejected bids under a recent spot tender for a cargo shipping from Qatar were heard in the low/mid \$310s/t FOB compared an award around a month prior in the mid \$320s/FOB.

Global spot activity muted; supply snug

There is also a lot of media speculation on Russia-Ukraine tensions. It is worth mentioning that buyers who buy regularly from the FSU, especially after Kazakhstan's recent political crisis, would have been well informed and will have more than likely diversified their supply sources and/or worked on contingency plans.

Overall refinery utilization in the US dipped to 85.3% for the week ending February 11, the lowest level since October 2021. A notable dip in utilization on the US East Coast (PADD 1) down to around 78% from as high as close to 89% in January, likely due to weather impacts. We note the only region where refinery utilization is over 90% is the Midwest (PADD 2).

Focus: Moving oil sands inventory

Since around 3Q21, efforts to evacuate the significant amount of sulphur being held as inventory in the oil sands region began. As of end of October 2021, the Alberta Energy Regulator reported at Canadian National Resources' (CNRL) Horizon operation, they were holding just over 1.1m t. Meanwhile, at Syncrude, the only other oil sands location where notable inventory can be held, inventory was reported as close to 10.6m t.

Of note was that between July and October 2021, we did see inventory volumes held at Horizon decrease for the first time, reflecting the efforts to move this supply. The movement is expensive as it involves costs to excavate the material as crushed bulk and then transport it by truck to a location for melting before either loading it on a rail car as molten or incurring further costs to prill if for offshore export. At present, market pricing is supporting the costly exercise.

In terms of melting locations, by year-end there is potential we could see five active melting sites in Canada compared with only one currently operating at a natural gas processing site. The four additional projects include resumption of melting at another natural gas processing site and new capacity being added at three locations nearer the oil sands region, which will help reduce transport costs. Included in the other three further north is Keyera's South Cheecham sulphur facilities, largely heard to include melting capacity. In its 2021 financial results issued today, the company said it expects South Cheecham to be operational by mid 2022 at a gross cost of C\$180m, including a C\$65m increase in costs due to engineering design deficiencies and supply chain disruptions.

With expectations that US sulphur demand will increase driven by pending projects in the western US around lithium, the current focus on melting capacity is partly to feed a potentially large US deficit in the future. However, costs will continue to be key as suppliers look to pass these costs on to the buy side.

Sulphuric Acid

We continue to see supply disruptions in North America which continue to keep the market tight with concerns of running out of product intensifying.

The most recent disruption to emerge is Pennsylvania with a molybdenum roaster owned by **Centerra Gold** offline. The outage is being tied to the bout of cold weather seen in the region earlier this month which has resulted in force majeure (FM) being declared. While the plant is a relatively small source of acid supply, at less than 100,000t/yr, its outage highlights prevailing conditions in the domestic market – supply is tight and there is little to no availability to cover in emergency needs. Where there is spot material available, prices continue to climb. Sources say the plant is expected to be back up and running by early March. Acid produced at the site is marketed by **PVS Chemicals**.

Meanwhile, in Canada, we noted in our last issue that sources were reporting lower than expected volume out of **Vale's** Sudbury smelter in Ontario which is marketed by **Chemtrade Logistics**. Vale disclosed in its 4Q21 financial results that it does not expect Sudbury operations to normalize until 2Q22. The company cited concentrate availability, particularly after some mining disruptions, as contributing to the weaker performance while the operation has worked to recover from unplanned outage last year for 70 days due to strike action. A planned turnaround is heard for April start.

Turning to the US Gulf Coast, it is understood **LSB Industries** commenced its maintenance at El Dorado, Arkansas earlier this month with it expected to be complete by early March. And while market sources continue to discuss the status of **Veolia's** Burnside operations in Louisiana, they are understood to be up and running, although planned maintenance is scheduled for May. We note that **PCI** has resumed operations at its Pasadena, Texas facility while supply out of **Nouryon's** plant in Alabama is heard as slightly improved. There are indications that **Ecovyst (Eco Services)** will take some brief downtime at its Baton Rouge, Louisiana plant next month.

Extra Notes:

Offshore volume was received from Germany in December. The offshore volume is in addition to regular rail supply from Canada and Mexico. This brings the total for 2021 to just over 3.2m t compared with just over 3.6m t in the 2020. This is down close to 400,000t. Imports last year were lower, despite domestic supply disruptions, due to high import pricing being unworkable against domestic pricing.

In general, suppliers in the US Gulf Coast region say plants are not necessarily performing at optimal levels and struggling with low inventory. As a result, customers are heard receiving volumes at the low end of their contract range or not getting full allocations. Spot FOB pricing out of the region has been heard as approaching \$300/st. Spot rail prices are now largely heard in the \$400s/st DEL.

Spot rail now in \$400s/st DEL

Elsewhere, volumes out of the **Rio Tinto Kennecott** smelter in Utah remain reduced while **Veolia** is heard to be ramping up at its Ohio site following planned maintenance.

With supply not improving, low inventory levels and prices trending higher, some market participants are concerned about a heavy round of maintenance coming in 2Q which could see some consumers uncovered. Suppliers say operational performance is key at this stage as no one can afford any unplanned downtime and the sensitivity to supply disruptions is greater than it ever has been.

Upcoming notable maintenance includes at **Vale's** Sudbury smelter in April and Veolia Burnside in May as noted as above, as well as **Cornerstone Chemical** in March. May will see a variety of outages including **Chemtrade Logistics** at Beaumont, Texas, **Southern States** in Wilmington, North Carolina, **Climax Molybdenum** in Iowa, and **Glencore** at Sudbury. While **Rio Tinto Kennecott** (Utah) and **Nyrstar** (Tennessee) were understood to have outages planned for May, there are indications these may have been rescheduled.

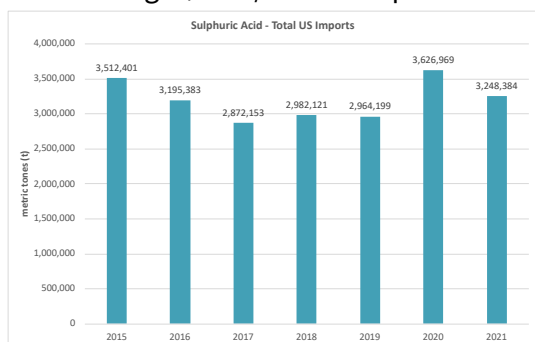

Maintenance update

Some have noted that upcoming planned maintenance between now and 2Q at pulp and paper mills could help offset some of the market tightness.

As we have been discussing since last year, dependency on domestic production is greater than it has been in years past due to reduced offshore imports to meet the US market's deficit. With pricing and availability of acid steadily climbing throughout 2021, liquidity was constrained by spot import pricing largely unworkable to cover domestic business. This explains in part why US imports were notably lower last year. As the accompanying graph reflects, 2021 imports were lower by close to 400,000t compared with 2020. We should note that imports increased in 2020 largely due to **SATCO's** import tank capacity at Stockton, California going into service at the end of 2019, in addition to firm demand due to domestic supply disruptions.

Domestic market feeling impact of reduced offshore imports

In terms of current spot imports, while interest in imports is largely heard, those with the ability to import to serve domestic consumers need commitment from them at higher prices to secure sufficient supply, rather than consumers buying at high levels on a hand-to-mouth basis, although repeated and prices continuing to firm. Latest price indications for spot import pricing for the US were in the high \$260s/t CFR compared with our prevailing assessment of \$260-270/t CFR.

Phosphates

After some time of being relatively stable, some phosphate prices rallied last week. The latest price rally was driven by improving fundamentals in the Americas, such as reduced grain output in Latin America. This has pushed grain prices higher, allowing for higher input prices and saw MAP prices firm. DAP has been stable despite a pause in buying in India. There is also some impact from the developing situation in Russia, as it is a key supplier of phosphate fertilizers.

STAFF REPORT

Date: March 29, 2022

Subject: Liquid Sodium Hypochlorite (Bleach)

From: Robert Veneklasen, Water Treatment Plant Superintendent

Meeting Date: April 4, 2022

RECOMMENDATION:

It is recommended the City Council accept the competitive bid price extension from the City of Grand Rapids and the cooperative purchasing group for Liquid Sodium Hypochlorite from Alexander Chemical Corporation, a Carus Company, at a cost of \$454.00 per ton.

COMMUNITY, SAFETY, STEWARDSHIP:

The ability to properly disinfect the drinking water supply during and after treatment to protect the public health is the cornerstone of the water treatment process. This provides a measure of protection that retains the trust of our customers. Sodium Hypochlorite is used at the Clean Water Plant to control odors associated with the biological process. This application ensures the Clean Water Plant remains a good neighbor.

DISCUSSION:

Last year the City of Grand Rapids Purchasing Department solicited competitive price bids with two possible renewal periods for Liquid Sodium Hypochlorite on behalf of the West Michigan Cooperative purchasing group comprised of the Cities of Holland, Wyoming, Grand Rapids, Grand Haven, Muskegon Heights, and Muskegon.

This past year we have experienced five price increases as a result of our vendor's difficulties with supply and increased costs of the raw materials. It is possible that we will experience additional cost increases in the future along with potential for dwindling supplies. For those reasons all the members of the West Michigan Cooperative group determined that we continue to be adequately served by our present supplier and the extension of their pricing into the coming year is in our best interest.

The expected annual cost for the Clean Water Plant is \$40,000 and the Water Treatment Plant annual cost is expected to be \$435,560.

BUDGET IMPACT:

Adequate funds were budgeted in accounts 591-591-55300-740.000 (WTP) and 590-590-54300-740.000 (CWP).

SUBJECT: Caustic Soda Price Increase Announcement

Dear Customer:

Olin Corporation's Chlor Alkali Products and Vinyls Division (Olin) is amending and restating its January 24, 2022 price increase announcement.

Effective immediately, or as contract terms permit, Olin Corporation's Chlor Alkali Products and Vinyls Division (Olin) is increasing off-schedule prices of caustic soda as follows: Commercial Grade (diaphragm) caustic soda by \$100 per dry short (DST) in the U.S. and C\$140 per dry metric ton (DMT) in Canada; and Membrane Grade caustic soda by \$150 per DST in the U.S. and C\$210 per DMT in Canada, not to exceed our list price.

Prices are per net ton, 76% Na₂O basis, ex. works.

Olin will continue to strictly adhere to an order control program and effective March 1, 2022 will be revising our allocation percentage as contract terms permit. Lead times for all orders will be strictly adhered to in the following manner: 72 hours for truck shipments, 14 days for railcar shipments, and 30 days for barge shipments.

Your account manager will be in contact with you to answer any questions you may have regarding this order control program, price increase announcement and factors driving the current price increase.

We appreciate your business and your confidence in selecting Olin as your supplier.

Sincerely,

Marketing Director, North America Caustic Soda

RESOLUTION TO ACCEPT A QUOTE FROM KNIGHT WATCH
FOR THE PURCHASE AND INSTALLATION OF AVIGILON SERVER AT THE WYOMING
SENIOR CENTER (WSC) AND TO AUTHORIZE THE MAYOR AND CITY CLERK TO
EXECUTE THE CONTRACT

WHEREAS:

1. As detailed in the attached staff report, the Avigilon server for the security camera system at the WSC is outdated and in need of an upgrade.
2. It is recommended the City Council accept a quote for the purchase and installation of the Avigilon Server from Knight Watch with contract pricing in the total amount of \$8,845.25.
3. Funds for the purchase are available in account number 208-752-75800-973.153.

NOW, THEREFORE, BE IT RESOLVED:

1. The City Council does hereby accept a quote from Knight Watch for the purchase and installation of Avigilon server at the Wyoming Senior Center in the total amount of \$8,845.25.
2. The City Council does hereby authorize the Mayor and City Clerk to execute the contract.
3. The City Council does hereby waive the provisions of Sections 2-252, 2-253, 2-254, and 2-256 of the City Code regarding publication and posting of bid notices, notification of bidders and the bid opening procedure.

STAFF REPORT

Date: March 23, 2022

Subject: Wyoming Senior Center Avigilon Server Upgrade

From: Chad Boprie, Recreation Programmer II

CC: Rebecca Rynbrandt, Director of Community Services

Meeting Date: April 4, 2022

RECOMMENDATION:

It is recommended that the City Council authorize the purchase and installation of a replacement Avigilon security camera server at the Wyoming Senior Center (WSC) in the amount of \$8,845.25 as recommended by the Information Technology Department and as quoted by Knight Watch in Proposal #EST008304.

COMMUNITY. SAFETY. STEWARDSHIP:

Well-maintained park and recreation facilities directly impact property values, community aesthetics and the economic vitality of the city. The City is committed to providing leisure and recreation opportunities by developing and maintaining green spaces, facilities, and programs to enrich the quality of life for residents.

DISCUSSION:

In 2021 the Information Technology staff requested that we budget for the replacement of the Avigilon security camera server at the WSC. Originally installed in 2016, the camera system has been an important safety and crime deterrent system for the building and its programming.

On February 25, 2022, Knight Watch provided a quote in the amount of \$8,845.25 to replace and upgrade the current Avigilon server for our security camera system. The quote came in lower than originally budgeted and is only slightly higher than our maximum price to bid per our Purchasing Policy. Considering the cost of the bid process, price point of the project, and staff time and resources, jointly with our colleagues in the Information Technology Department, we are requesting to forego the bid process and award the project to Knight Watch.

BUDGET IMPACT:

Funds are available in the WSC capital account 208-752-75800-973.153.

STAFF REPORT

Date: March 28, 2022

Subject: Wyoming Senior Center HVAC Replacement

From: Chad Boprie, Recreation Programmer II

CC: Rebecca Rynbrandt, Director of Community Services

Meeting Date: April 4, 2022

RECOMMENDATION:

It is recommended that the City Council authorize the purchase and installation of a replacement rooftop HVAC unit at the Wyoming Senior Center (WSC) in the amount of \$11,270.00 per the lowest bid by Peerbolt's, Inc.

COMMUNITY. SAFETY. STEWARDSHIP:

Well-maintained park and recreation facilities directly impact property values, community aesthetics and the economic vitality of the city. The City is committed to providing leisure and recreation opportunities by developing and maintaining green spaces, facilities, and programs to enrich the quality of life for residents.

DISCUSSION:

In 2021, a Facility Conditions Assessment was completed and it recommended we replace the Senior Center RTU-2 HVAC unit due to it approaching the end of its life cycle. Originally installed in 2000, the HVAC unit is 21 years old and with its age it's at great risk for mechanical failure and costly repairs.

Request for bids for the Wyoming Senior Center HVAC Replacement were directly solicited to 121 companies. Three (3) bids were received from the 19 Registered Bidders who downloaded the document; one from Peerbolt's Inc. for \$11,270.00, one from Hurst Mechanical for \$12,123.00, and one from Van Dyken Mechanical, Inc. for \$11,417.00. It is recommended the bid be awarded to the lowest bidder, Peerbolt's, Inc. in the amount of \$11,270.00. Peerbolt's, Inc. has previously performed acceptable HVAC replacement and repair work at the Wyoming Senior Center.

This project is subject to federal funding, prevailing wage and labor requirements.

BUDGET IMPACT:

Funds for this project were budgeted for and approved through the Community Development Block Grant program fund. In the capital account number 256-400-6922-975.000

Ordinance No. 9-22

March 28, 2022

Ms. Kelli A. VandenBerg
City Clerk
Wyoming, MI

Subject: Request to amend Zoning Code Sections 90-424B (Permitted Uses), 90-425B (I-1 Permitted Uses After Special Use Approval), and 90-508 (Requirements for Permitted Uses After Special Use Approval) (Wyoming Planning)

Recommendation: To approve the subject Zoning Ordinance amendments.

Dear Ms. VandenBerg,

The above referenced request was reviewed by the Wyoming Planning Commission at its regular meeting on March 15, 2022. A motion was made by DeLange, supported by Hegyi, to recommend to the City Council adoption of the proposed Section 90-424B, 90-425B and 90-508 text amendments. The motion passed unanimously.

A detailed review of the request is available in the attached Planning Commission minutes and supportive materials. Following please find some general information.

The City of Wyoming restricts where breweries are permitted in the city. Currently, breweries and distilleries are permitted as a special use in the City's I-2 General Industrial district. Staff gets frequent requests to permit breweries in I-1 districts. Upon further research, consideration, and discussion, staff has found that breweries and distilleries may also be compatible for permitted usage within the City's I-1 Light Industrial zoning district and that wineries might also be permitted if breweries and distilleries were recategorized as beverage alcohol production.

I-1 dimensional requirements mirror those of the I-2 zoning district, where beverage alcohol production is already permitted as a special use, so it is expected that these facilities would be able to operate within the district's current dimensional framework. I-1 beverage alcohol production with accessory dining would also share the I-2 requirements for permitted special uses, making it compatible with adjacent residential districts. The requirements for permitted uses after special approval would allow staff to consider accessory dining needs and odor and pollution nuisances that might be unique to beverage alcohol production.

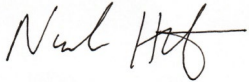

This text amendment would permit beverage alcohol distribution in the I-1 district as a permitted use without accessory dining and as a special use approval when accompanied with accessory dining.

CITY COUNCIL

During the public hearing no members of the public spoke on the proposed ordinance.
The proposed zoning code text amendment is attached.

Respectfully submitted,

Meagher stated that there is a shared agreement with the lot to the North of the property. The Developer is working with the City Engineer to meet the standards.

Goodheart asked about the extension of the sanitary sewer to the existing building.

John Casserly, Nederveld, 217 Grandville Ave SW, Grand Rapids, MI 49503, introduced himself as the Engineer and said that the existing building in the rear does not have sanitary, the building currently has a septic tank. New sanitary lateral will be connected to the existing building as well as the new building. The existing building does have domestic water and a new fire service will be installed.

Goodheart noted the City Engineer's comments regarding the storm water basin and asked if the conditions can be met.

Casserly said and that they have already submitted new plans to the City Engineering Department meeting the conditions. Casserly spoke about how the parcel to the South drains onto this property, so they are working on a deed restriction with the property to the North and South to allow for grading, storm water discharge, and access encroachment. Casserly noted that the gravel area on the North side of the property is intended as extra room for trucks to turn.

Goodheart asked if the gravel area is for the tractor part of the truck.

Casserly stated that this repair facility is only for the servicing of the cab part of truck and not the trailer.

Micole asked if they sell the truck cabs on the site.

Casserly stated that he did not believe they did, but he would need to check on that since he is not for certain.

A vote on the motion carried unanimously.

AGENDA ITEM NO. 4

Request to amend Zoning Code Sections 90-424B (Permitted Uses), 90-425B (I-1 Permitted Uses After Special Approval), and 90-508 (Requirements for Permitted Uses After Special Use Approval) (Wyoming Planning Staff)

Smith explained that The Wyoming [re]Imagined Master Plan was adopted by the City in March of 2021. Since its adoption, staff has been working to better align the City's Zoning Code with the vision set forth in this comprehensive plan. Through this review process, staff has identified that beverage alcohol production (including breweries, distilleries, and wineries) may be compatible

with the I-1 zoning district as a permitted special use.

Smith explained that in the past, staff has received inquiries from potential business owners regarding the permitted zoning districts for establishing breweries in the City. Currently, breweries and distilleries are permitted as a special use in the City's I-2 General Industrial district. Upon further research, consideration, and discussion, staff has found that breweries and distilleries may also be compatible for permitted usage within the City's I-1 Light Industrial zoning district and that wineries might also be permitted if breweries and distilleries were recategorized as beverage alcohol production.

Smith explained that the I-1 dimensional requirements mirror those of the I-2 zoning district, where beverage alcohol production is already permitted as a special use, so it is expected that these facilities would be able to operate within the district's current dimensional framework. I-1 beverage alcohol production with accessory dining would also share the I-2 requirements for permitted special uses, making it compatible with adjacent residential districts. The requirements for permitted uses after special approval would allow staff to consider accessory dining needs and odor and pollution nuisances that might be unique to beverage alcohol production.

Smith said that the I-1 zoning district also already allows food, candy, and drug production as permitted uses. Upon further research, consideration, and discussion, staff has found that beverage alcohol production without accessory dining may be appropriate as a permitted use.

Smith shared that in reference to the Master Plan's Future Land Use Map, a majority of the City's I-1 districts are classified as business parks. Beverage alcohol production would align with this future land use designation. Permitting this usage in business parks may also help achieve the Master Plan's theme of equity and inclusion by promoting the growth of stable employment centers.

Smith said that the Development Review Team recommends that Planning Commission adopt the recommended text amendment to Zoning Code *Sections 90-424B, 90-425B and 90-508* and recommends the same to City Council.

Micele opened the public hearing at 8:32 PM. There was no public comment and the public hearing was closed.

A motion was made by DeLange, supported by Hegyi, to adopt the recommended text amendment to Zoning Code *Sections 90-424B, 90-425B and 90-508* and recommends the same to City Council.

A vote on the motion carried unanimously.

CITY OF WYOMING ZONING ORDINANCE

- (2) For the side yard property which abuts a residentially zoned district, the minimum side yard setback shall be 25 feet of which a minimum of ten feet shall be landscaped.
- (3) For all properties which border 28th Street, the front lot line shall be deemed as bordering 28th Street, the minimum front yard shall be 50 feet, the minimum lot width shall be 100 feet and the minimum lot depth shall be 200 feet.
- (4) Where an I-1 light industrial district borders a residentially zoned district, excepting where there is a public street or alley located between the districts, there shall be provided along the lot line bordering the residentially zoned district a solid fence or ornamental wall six feet in height above grade constructed of wood, concrete block, brick or comparable material on which there shall be no advertising. However, such fencing shall be reduced to a height of three feet for the nearest 20 feet in length that is perpendicular to a public street right-of-way. Where a public alley is located between the I-1 light industrial district and the residentially zoned district, no fence or wall is required in those locations where a building housing a permitted use is located adjoining the alley or where driveway access is provided to the public alley. Where a public street is located between the I-1 light industrial district and the residentially zoned district, no fence is required.
- (5) All manufacturing activities in the I-1 light industrial district shall be conducted within an enclosed building, except that external storage of materials shall be permitted, provided that the storage area shall be visibly screened from all streets and adjoining commercial and residential properties with a noncombustible fence or wall, or with a non-deciduous planted screen, at least five feet in height and at least 80 percent solid, and of such design and constructed of such material and maintained in such a manner as shall be in keeping with the character of the area. In instances where the building inspector determines that any wall required by this chapter will satisfy any portion of this open storage screening requirement, the building inspector may waive such applicable portion of this open storage screening requirement.

Note—The requirements noted in this section are in addition to, or, where in conflict, supersede those general requirements for each zoning district. For all permitted uses after special approval, the planning commission shall conduct a public hearing. Following such hearing, the planning commission may grant approval for such application, provided it shall find the proposal is essential and desirable.

The planning commission may impose such requirements and conditions as may be necessary to protect neighboring property, promote public convenience, health, safety and welfare, or make the use conform more closely with the spirit, purpose and intent of this chapter. In determining other requirements and whether the proposed use is essential and desirable the following information shall be considered by the planning commission:

- (1) The possible substantial and permanent effect on neighboring property.
- (2) The consistency with the spirit, purpose and intent of this chapter.
- (3) The possible effect upon traffic as related to the streets, churches, schools and any buildings within the immediate area.
- (4) The tendency of the proposed use to create any type of blight within the immediate area.
- (5) The economic feasibility for the area.
